

We are looking for REAL HEROES - Show us what you're made of!

Rodopi Blades, headquartered in Düsseldorf, is an international service partner for the assessment, maintenance, repair and overhaul of rotor blades on wind turbines. The well-rehearsed team of experts with many years of experience and comprehensive know-how stands for high performance, flexibility and quality work.

For further support, we are looking from now on for a:

Industrial Painter in Rostock/Wismar (m/f)

Your tasks:

- Preparation of components for coating and painting of components
- Assurance of the quality requirements, e.g. by checking the coated components
- Support in the optimization of coating processes

Your qualifications:

- Training as a painter or a comparable apprenticeship
- Relevant professional experience and independent working methods

Furthermore, you bring along:

- Good technical understanding
- High ability to work in a team
- Care and reliability
- Language skills in German or Greek

Your benefits at RODOPI:

- Trainings and courses with partners & at the RODOPI Academy
- Regulated working hours and rest periods
- Attractive payment according to collective agreement incl. payment of surcharges
- Opportunities for advancement are given with appropriate aptitude
- RODOPI as a strong partner at your side

Are you interested in an exciting and attractively paid job in an international environment? Then send us your application by e-mail to Mr. Mouzafer Ismailoglou (career@rodopi.de). Please indicate your earliest starting date and salary expectations. Our office in Greece will be happy to answer your questions by phone at ☎ **0030 25410 22000**.
