

## We are looking for REAL HEROES - Show us what you're made of!

Rodopi Blades, headquartered in Düsseldorf, is an international service partner for the assessment, maintenance, repair and overhaul of rotor blades on wind turbines. The well-rehearsed team of experts with many years of experience and comprehensive know-how stands for high performance, flexibility and quality work.

For further support, we are looking for Europe-wide project assignments (especially Germany and Scandinavia) from now on:

### A service technician for rotor blades or service technician for training (PT or FT)

#### Your tasks:

- Repairs on assembled rotor blades and on disassembled rotor blades on the ground
- Expert maintenance of rotor blades
- Documentation of inspections and repairs
- Carrying out professional lightning protection measurements
- Carrying out maintenance work (screw connections, components, oil)

#### Your qualifications:

- Certified qualification as a service technician for rotor blades or specific work experience
- or:
- Completed technical education or equivalent professional experience
  - Motivation to complete training as a service technician for rotor blades in Greece and/or Germany as well as in Europe-wide assignments

#### Furthermore, you bring along:

- Good technical understanding
- Height suitability
- High ability to work in a team
- Care and reliability
- Flexibility and willingness to travel
- Fluent knowledge of German or Greek
- Good English language skills
- IT knowledge

#### Your benefits at RODOPI:

- Trainings and courses with partners & at the RODOPI Academy
- Regulated working hours and rest periods
- Attractive payment according to collective agreement incl. payment of surcharges
- Opportunities for advancement are given with appropriate aptitude
- RODOPI as a strong partner at your side

Are you interested in an exciting and attractively paid job in an international environment? Then send us your application by e-mail to Mr. Mouzafer Ismailoglou ([career@rodopi.de](mailto:career@rodopi.de)). Please indicate your earliest starting date and salary expectations. Our office in Greece will be happy to answer your questions by phone at ☎ **0030 25410 22000**.
